Ethical Dilemmas in Social Service - Frederic G. Reamer - 1990
Reamer discusses the ethical concerns involved in working with individuals and families, the design and implementation of social welfare programs and policies, community work, and relationships with colleagues and employers.
Reamer discusses the ethical concerns involved in working with individuals and families, the design and implementation of social welfare programs and policies, community work, and relationships with colleagues and employers.

**Ethical Issues in Social Work Practice** - Sandu, Antonio - 2017-12-15
Today’s practitioners and researchers are looking, now more than ever, at the ethical issues that are raised through the practice of social work and social services. As such, it is crucial that they are up-to-date on the latest data on how to address, manage, and overcome ethical issues in their practice. Ethical Issues in Social Work Practice is a pivotal reference source for the latest research on the role of moral values within social work and the ethical dilemmas that arise in the profession. Highlighting extensive coverage among a variety of applicable perspectives and themes, such as governing principles of social work practice, ethical analysis of social work cases, and individual and social responsibility in social services, this book is ideally designed for professionals and researchers working in the field of social work and social services as well as academics and upper-level students seeking cutting-edge research on ethics in the practice of social work.
Resolving Ethical Dilemmas in Social Work Practice - Norman Linzer - 1999

Is it right for a relative to assist in the suicide of an ailing loved one? Is it fair for a boss to avoid firing an employee? Ethics is a hot topic these days. Hardly a day goes by without a news story detailing breaches of ethical conduct in government, business, education, and the professions. Ethical dilemmas test the personal value system of all individuals at different points in their lives. This book provides a unique integration of theory and practice, by presenting ethical dilemmas that many people will encounter in their careers and personal lives, and offering models for classifying value conflicts and making ethical decisions. This how-to approach provides a way of thinking about values and ethics that permits the reader to make his or her own decisions based on rational decision-making models. The author provides numerous examples that encapsulate all sides of certain ethical conflicts, helping readers to visualize and understand the issues and processes involved in resolving ethical dilemmas.

The book is divided into three sections: Values, Ethics, and Autonomy & Paternalism. Social workers, educators, theologians, and professional and community leaders. A Longwood Professional Book

Rights and Wrongs in Social Work - Mark Doel - 2016-07-01
In this hugely accessible new book, Mark Doel guides the reader through a proper consideration of these questions by examining the typical ethical dilemmas that challenge social workers on a daily basis. Inquisitive, probing and intellectually stimulating, Rights and Wrongs in Social Work untangles the complexity of ethics in social work and argues that, by constantly questioning our assumptions and the situations we find ourselves in, we will eventually come to a better understanding of what is right. Each chapter of the book is centred on a different real-life dilemma that social workers might face on a typical day in practice – such
In this hugely accessible new book, Mark Doel guides the reader through a proper consideration of these questions by examining the typical ethical dilemmas that challenge social workers on a daily basis. Inquisitive, probing and intellectually stimulating, Rights and Wrongs in Social Work untangles the complexity of ethics in social work and argues that, by constantly questioning our assumptions and the situations we find ourselves in, we will eventually come to a better understanding of what is right. Each chapter of the book is centred on a different real-life dilemma that social workers might face on a typical day in practice – such as relationship boundaries, confidentiality and whistleblowing. Clear and enormously readable, it uses a wealth of creative and engaging features and techniques to support learning and encourage readers to apply theory to practice, including: • A vast array of vibrant case studies
business, education, and the examples • Time Boxes to link chapter topics with ethical dilemmas from history • The Big Picture sections to place ethical issues into the wider frame of public policy • Discussion of the guidance available from official codes, standards and principles, such as the IFSW/ IASSW's joint Statement of Ethical Principles An invaluable resource for students and practitioners alike, Rights and Wrongs in Social Work draws on the author's many years of experience in the field to successfully unpack the complex concepts of ethics and values in a clear, thought-provoking way.

Social Work with Groups - Helen Northen - 2001-08-23
When should someone not be admitted to a group? How can a reluctant child be persuaded to participate in a group? What is the best way to deal with issues of low self-esteem? Part of the enduring appeal of this classic work is its vivid depiction of actual group work and the challenges that arise. Opening with an instructive survey of the roots and development of group social work—from the first YMCA to the establishment of the NASW—Northen and Kurland contribute to the integration of theory and research that forms the basis of group social work practice. Using an
When should someone not be admitted to a group? How can a reluctant child be persuaded to participate in a group? What is the best way to deal with issues of low self-esteem? Part of the enduring appeal of this classic work is its vivid depiction of actual group work and the challenges that arise. Opening with an instructive survey of the roots and development of group social work—from the first YMCA to the NASW—Northen and Kurland contribute to the integration of theory and research that forms the basis of group social work practice. Using an ecosystem approach, they set forth a generic framework for practice with diverse groups, establishing a common core of values, knowledge, purposes, and interventions that can be applied to different populations and situations. With clear step-by-step guidance, this book covers the major issues as well as the ethical challenges that working with groups entails. This fully revised and updated edition includes seven new chapters that reflect the most recent developments in group practice.

This book provides up-to-date critical analyses of the ethical implications of new legislation in community care and criminal justice, and of trends in social work thought and policy, such as managerialism, user empowerment and feminism.

**Social Work Ethics** - Eileen Gambrill - 2017-05-15
This collection of essays highlights ethical issues in social work which are often overlooked as well as recurring clashes that influence how they play out, for example among different values and related moral judgements. A wide range of ethical issues are addressed such as the types of technologies incorporated into social work; issues raised by the common position of social workers as 'double agents' required to carry out state mandates while also honoring obligations to clients; and issues concerning

resources. These topics are integrally related to other often neglected concerns such as harming in the name of helping; the ethics of claims making regarding what is true and what is not, and related concerns regarding empowerment and social justice. This collection, which includes essays from an array of professions and disciplines, is designed to bring these neglected topics to the attention of readers and to offer suggestions for addressing them in a manner that is faithful to obligations described in social work codes of ethics.

For decades, teachers and practitioners have turned to Frederic G. Reamer’s Social Work Values and Ethics as the leading introduction to ethical decision making, dilemmas, and professional conduct in practice. A case-driven, concise, and comprehensive textbook for undergraduate and graduate social work programs, this book surveys the most critical issues for social work practitioners. The fifth edition incorporates significant updates to the National Association of Social Workers Code of Ethics and new practice and model regulatory standards used by social service and licensing agencies around the world. Reamer also focuses on how social workers should navigate the digital world through discussion of the ethical issues that arise from practitioner use of online services and social networking sites to deliver services, communicate with clients, and provide information to the public, and what standards will protect confidential information transmitted electronically. He highlights potential conflicts between professional ethics and legal guidelines and expands discussions of informed consent, confidentiality and privileged communication, boundaries and dual relationships, documentation, conflicts of interest, and risk management. Conceptually rich and attuned to the complexities of ethical decision making, Social Work Values and Ethics is unique in striking the right balance among history, theory, and practical application.

Social Media and Social Work - Megele, Claudia - 2020-07-15
The COVID-19 pandemic has shed fresh light on the ways that social media and digital technologies can be support relationship-based social work practice. However, it has also highlighted the complex risks, ethics and practical challenges that such technologies pose. This book helps practitioners and students navigate this complex terrain and explore and build upon its multiple opportunities. It uses real-life examples to examine how practitioners can assess the impact of new technologies on their professional conduct and use them in a way that enhance public confidence and relationship-based practice. The authors explore how digital technologies can support multiple areas of service including social work with children, families and adults, mental health social work, youth justice and working with online communities. They also consider regulatory questions and provide a roadmap for good practice.

**Ethics and Values in Social Work** - Allan Edward Barsky - 2019-02-26

Social work ethics provide practitioners with guidance on how to promote social work values such as respect, social justice, human relationships, service, competence, and integrity. Students entering the profession need to develop a real-world understanding of how to apply these values in practice while also managing the dilemmas that arise when social workers, clients, and others encounter conflicting values and ethical obligations. Ethics and Values in Social Work offers a comprehensive set of teaching and learning materials to help students develop the knowledge, self-awareness, and critical thinking skills required to handle values and ethical issues in all levels of practice—individual, family, group, organization, community, and social policy. BSW and MSW students will particularly appreciate how complex ethical obligations and theories have been translated.
issues in all levels of practice. Additionally, the comprehensive set of case examples and exercises provides realistic scenarios to develop critical thinking and problem solving skills across a range of practice situations.

factors impacting on the clear, five-step decision-making model, the ETHIC model, for identifying and resolving ethical issues and dilemmas.

Social work struggles between the dichotomy of "individual" and "society" as it is characterized as enhancing both individual well-being and social justice. As these are not always easily balanced and social work has limited autonomy, social workers must develop their capacity for making moral judgments and defend these within their various roles and responsibilities. Studies which explore the role of ethics in social work practice enhance the potential for maintaining a common identity. This exploration permits a deeper understanding of social work ethics and reinforces a common framework inclusive of purpose and standards for the profession. These studies also capture the contextual moral agency of social workers, and thus substantiate the role for social work in a world with structured oppression. The purpose of this study was to obtain an in-depth understanding of social work ethics in the practice context of public hospitals in Greece. Using a case study design, data was gathered to explore and understand the role of social work ethics in daily practice and the formation of what is perceived as "good" practice. The analysis followed Yin"s (1993) descriptive strategy. Data collection included fifteen in-depth interviews with hospital social workers, a group interview with social work academics, and a thematic analysis of the social work journal of the Hellenic Association of Social Workers (HASW). The meaning of ethical dilemmas and problems appeared to be constructed by personally held values, a lack of attention in social work education and the HASW on social work ethics, a

Social Work, Immigration and Asylum - Debra Hayes - 2004-01-19
The practical and ethical challenges facing human service professionals working with refugees, asylum seekers and other people subject to immigration controls are discussed in this much-needed book. The contributors explore the tensions that exist between traditional anti-oppressive values and the role professionals increasingly play as 'gate keepers' to services. Drawing from the experience of practitioners working in child protection and family support, disability, the criminal justice system, asylum teams and immigration tribunals, Social Work, Immigration and Asylum will prepare professionals working in these and related fields to deal with the complex situations of people subject to immigration control and to develop interventions appropriate to their differing needs.

Ethical Dilemmas in the Creative, Cultural and Service Industries - Johan Bouwer - 2019-05-22
Ethical Dilemmas in the
practitioners already working Industries enhances professional ethical awareness and supports students' development of skills for ethical decision-making in these growing sectors. It focuses on the shaping of personal and professional values, and dealing with the moral and ethical issues that (future) professionals may encounter in practice. Including a multitude of varied and interdisciplinary case studies, this textbook adopts an applied ethical approach which enables the student to combine basic ethical theory with relevant and ‘real-life’ cases. Major ethical issues such as CSR, ethical leadership, human rights, fraud, employee rights and duties, new technology and (social) entrepreneurship are addressed. This will be invaluable reading for students studying tourism, hospitality, leisure, events, marketing, healthcare, logistics, retail and game development. It will also be a suitable resource for in-company training of

**Ethical Issues in Mental Health** - Steve Baldwin - 2013-11-11

ethics? As practitioners we are involved both in the design and delivery of services to people with mental health problems. In common with all other professionals, our work has led to the experience of ethical dilemmas: typically, these have involved major confrontations, either with our colleagues or our consciences. This book, however, is not limited to a discussion of such major themes. Rather, we have tried to use a broader canvas: ethics, in our view, is really about the judgement of right and wrong in ordinary, everyday life. Ethics are highly personal: we fashion our own personal code from our experience of others, and from the 'tests' which bring meaning to our lives. Such experiences shape our individual values. We bring these codes and values to our work. We are not always aware of their influence in our dealings with people. Although we may not always be aware of it, all our actions pose an ethical question.
Given that our work involves us in helping others to live ordinary, satisfying lives, this challenge heightens the intensity of our ethical dilemmas. This is most evident where our personal code conflicts with the implicit code of the health setting.

Why write another book on ethics? As practitioners we are involved both in the design and delivery of services to people with mental health problems. In common with all other professionals, our work has led to the experience of ethical dilemmas: typically, these have involved major confrontations, either with our colleagues or our consciences. This book, however, is not limited to a discussion of such major themes. Rather, we have tried to use a broader canvas: ethics, in our view, is really about the judgement of right and wrong in ordinary, everyday life. Ethics are our own personal code from our experience of others, and from the ‘tests' which bring meaning to our lives. Such experiences shape our individual values. We bring these codes and values to our work. We are not always aware of their influence in our dealings with people. Although we may not always be aware of it, all our actions pose an ethical question. Given that our work involves us in helping others to live ordinary, satisfying lives, this challenge heightens the intensity of our ethical dilemmas. This is most evident where our personal code conflicts with the implicit code of the health setting.

Social Work Ethics - Chris Clark - 2000
This introduction to professional ethics for social workers recognizes that social work is largely state-sponsored. Traditional values and rules are explained, followed by a concept of social work and its relationship to the state.
Social work ethics provide practitioners with guidance on how to promote social work values such as respect, social justice, human relationships, service, competence, and integrity. Students entering the profession need to develop a real-world understanding of how to apply these values in practice while also managing the dilemmas that arise when social workers, clients, and others encounter conflicting values and ethical obligations. Ethics and Values in Social Work offers a comprehensive set of teaching and learning materials to help students develop the knowledge, self-awareness, and critical thinking skills required to handle values and ethical issues in all levels of practice.
Ethics and Values in Social Work - Allan Edward Barsky - 2019-02-26

Social work ethics provide practitioners with guidance on how to promote social work values such as respect, social justice, human relationships, service, competence, and integrity. Students entering the profession need to develop a real-world understanding of how to apply these values in practice while also managing the dilemmas that arise when social workers, clients, and others encounter conflicting values and ethical obligations. Ethics and Values in Social Work offers a comprehensive set of teaching and learning materials to help students develop the knowledge, self-awareness, and critical thinking skills required to handle values and ethical issues in all levels of practice-individual, family, group, organization, community, and social policy. BSW and MSW students will particularly appreciate how complex ethical obligations and theories have been translated into plain language. Additionally, the comprehensive set of case examples and exercises provides realistic scenarios to develop critical thinking and problem solving skills across a range of practice situations.

Oxford Textbook of Palliative Social Work - Terry Altilio MSW, ACSW, LCSW - 2011-03-23

The Oxford Textbook of Palliative Social Work is a comprehensive, evidence-informed text that addresses the needs of professionals who provide interdisciplinary, culturally sensitive, biopsychosocial-spiritual care...
for patients and families living with life-threatening illness. Social workers from diverse settings will benefit from its international scope and wealth of patient and family narratives. Unique to this scholarly text is its emphasis on the collaborative nature inherent in palliative care. This definitive resource is edited by two leading palliative social work pioneers who bring together an array of international authors who provide clinicians, researchers, policy-makers, and academics with a broad range of content to enrich the guidelines recommended by the National Consensus Project for Quality Palliative Care.

**Social Work, Law and Ethics** - Jonathan Dickens - 2012-09-18

Law and ethics are two vital aspects of social work – all social workers need to practise according to the law and their codes of ethics and conduct. However, the relationship between the law and social work values and ethics is not without its
and what it offers, what problem-based approach to explore the dilemmas and challenges that can arise. The first part of the book sets out frameworks for thinking about the law and ethics, and how they relate to social work. It also introduces some of the big philosophical and sociological questions about the purposes of law and of ethics and how they relate to society more generally. In the second part, the book explores a series of areas where profound dilemmas arise – such as end-of-life decisions, respecting peoples' choices but ensuring their safety and that of others, responsibility and blame, making allowance for different cultural traditions and breaking confidentiality. In each of the problem-based chapters, this accessible text: outlines the relevant law discusses court judgments in leading cases considers the implications of different ethical frameworks pulls out key ethical questions and challenges for social work. Social Work, Law and Ethics highlights what the law says ethical principles are at stake, and what these imply for social work policy and practice. In this way, it uses real-life scenarios to analyse the dynamic interactions of social work, law and ethics. It is essential reading for all social work students. 

Social Work, Law and Ethics - Jonathan Dickens - 2012-09-18

Law and ethics are two vital aspects of social work – all social workers need to practise according to the law and their codes of ethics and conduct. However, the relationship between the law and social work values and ethics is not without its tensions and this book takes a problem-based approach to explore the dilemmas and challenges that can arise. The first part of the book sets out frameworks for thinking about the law and ethics, and how they relate to social work. It also introduces some of the big philosophical and sociological questions about the purposes of law and of ethics and how they relate to

**Social Work Ethics in a Changing Society** -

2020-10-07
Social Work Ethics in a Changing Society analyzes the challenges social workers face in applying social work values and ethics due to recent significant social, political, cultural, and technological changes. It provides readers with guidelines for ethical practice based on a philosophic foundation rooted in social justice principles. The book begins with a summary of key ethical concepts and principles. It then provides a brief history of social work ethics and analyzes their core assumptions in the context of new realities. The book provides readers with several frameworks through which to analyze a variety of contemporary ethical issues. In subsequent chapters, it applies these frameworks to situations largely derived from real world experience. Global sources provide a comparative perspective on the interpretation and implementation of social work values and ethics. The book contains extensive case
with guidelines for ethical exercises that illustrate ethical dilemmas in all areas of practice and those created or complicated by increasing social and cultural diversity. It includes content on the application of ethics to policy practice through examples drawn from the 2010 Affordable Care Act, the nation's response to the coronavirus pandemic, and other current policy issues. Designed to help current and future social workers navigate a fractious, ever-evolving society, Social Work Ethics in a Changing Society is an excellent resource for students, faculty, and practitioners within the discipline.

**Exit, Voice, and Loyalty** - Albert O. Hirschman - 1972-02-01

An innovator in contemporary thought on economic and political development looks here at decline rather than growth. Albert O. Hirschman makes a basic distinction between alternative ways of reacting to deterioration in business firms and, in general, to dissatisfaction with organizations: one, “exit,” is for the member to quit the organization or for the customer to switch to the competing product, and the other, “voice,” is for members or customers to agitate and exert influence for change “from within.” The efficiency mechanism, with its total reliance on exit, is questioned for certain important situations. As exit often undercuts voice while being unable to counteract decline, loyalty is seen in the function of retarding exit and of permitting voice to play its proper role. The interplay of the three concepts turns out to illuminate a wide range of economic, social, and political phenomena. As the author states in the preface, “having found my own unifying way of looking at issues as diverse as competition and the two-party system, divorce and the American character, black power and the failure of ‘unhappy’ top officials to resign over Vietnam, I decided to let myself go a little.”

**Ethics in Social Work**  
- David Guttmann - 2013-04-15  
Professional knowledge doesn't guarantee you'll make the right decisions when it comes to professional ethics  
Ethics in Social Work introduces students, practitioners, and educators to theoretical and conceptual approaches to professional ethics and to the practice-related aspects of dealing with ethical problems and dilemmas. This unique book equips social workers with the ability to choose among different perspectives on the place and value of ethics in their approach to clients, and to use, defend, and explain their choices to clients, colleagues, supervisors, administrators, the general public, and the courts, if necessary. The book examines
advertising and counseling * codes of ethics, virtues and values, etiquette, professional responsibilities, distributive justice, judiciary relationships, professional misconduct, and malpractice. A working knowledge of ethics is essential for the development of a healthy and happy relationship between service providers and consumers. Ethics in Social Work looks at how ethical issues and conflicts can affect the daily lives of social work practitioners and how an increased sensitivity to those issues can help enrich their professional experience. The book addresses the basic concepts relating to ethics, as well as theories, principles, rules and values that guide service provision based on the National Association of Social Workers Code of Ethics and Standards for Cultural Competence in social work practice. Ethics in Social Work examines: * the leading theories of ethics, including deontology and teleology * compromising or choosing between opposing values * professional etiquette in

moral and professional responsibilities * the ethical dilemmas of telling the truth * social justice * practice-related aspects of distributive justice * fiduciary relationships * confidentiality in therapeutic work * resolving ethical dilemmas * the Hippocratic Oath and its relevance to social work * the Code of Ethics in social work * real-life cases of malpractice * and much more Ethics in Social Work includes case illustrations from existing literature and from professional experience, as well as an up-to-date bibliography. It is an essential read for anyone working, or preparing to work, in the helping professions.

**Ethics in Social Work** - David Guttmann - 2013-04-15

Professional knowledge doesn't guarantee you'll make the right decisions when it comes to professional ethics. Ethics in Social Work introduces students, practitioners, and educators to theoretical and conceptual approaches to professional
concepts relating to ethics, as related aspects of dealing with ethical problems and dilemmas. This unique book equips social workers with the ability to choose among different perspectives on the place and value of ethics in their approach to clients, and to use, defend, and explain their choices to clients, colleagues, supervisors, administrators, the general public, and the courts, if necessary. The book examines classical ethics, theories, and codes of ethics, virtues and values, etiquette, professional responsibilities, distributive justice, judiciary relationships, professional misconduct, and malpractice. A working knowledge of ethics is essential for the development of a healthy and happy relationship between service providers and consumers. Ethics in Social Work looks at how ethical issues and conflicts can affect the daily lives of social work practitioners and how an increased sensitivity to those issues can help enrich their professional experience. The book addresses the basic well as theories, principles, rules and values that guide service provision based on the National Association of Social Workers Code of Ethics and Standards for Cultural Competence in social work practice. Ethics in Social Work examines: * the leading theories of ethics, including deontology and teleology * compromising or choosing between opposing values * professional etiquette in advertising and counseling * moral and professional responsibilities * the ethical dilemmas of telling the truth * social justice * practice-related aspects of distributive justice * fiduciary relationships * confidentiality in therapeutic work * resolving ethical dilemmas * the Hippocratic Oath and its relevance to social work * the Code of Ethics in social work * real-life cases of malpractice * and much more Ethics in Social Work includes case illustrations from existing literature and from professional experience, as well as an up-to-date bibliography. How can you improve your leadership skills? What ethical dilemmas may you face as a manager and what approach should you take to confront them? What can you do to become a leader of your people will respect and trust them to lead them in a crisis? These are questions that so many business leaders ask themselves today. And they're the very same questions that Joseph Medina faced during his time in the United States Marine Corps and in the business world. In this book, you receive a unique insight into the leadership style of a decorated Marine and business leader. You'll discover the lessons Medina learned from several of the U.S. military's most distinguished leaders, as well as how you can apply these lessons to your business.

How do social workers in the UK legal context act ethically? What do we understand by ethics and how does social work law relate to it? Social
incorporates a clear, unstinting commitment to social justice, but what is social justice? Using an applied, practice-based and refreshingly 'real' approach, this text bridges the gap between law and ethics. Each chapter opens with a case study which considers ethical dilemmas in real life practice. Chapters have been designed to help students strengthen their critical reflection skills, encouraging consideration of the legal and ethical dimensions of social work generally and in personal practice. Topics such as care proceedings, adoption, community care, youth justice, mental capacity and accountability explore how understanding and application are equally important.

**Ask a Manager** - Alison Green - 2018-05-01
From the creator of the popular website Ask a Manager and New York’s work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There’s a reason
candor and kindness will get “the Dear Abby of the work world.” Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don’t know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You’ll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit “reply all” • you’re being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate’s loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager “A must-read for anyone who works . . . [Alison Green’s] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with you far, no matter where you work.”—Booklist (starred review) “The author’s friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers’ lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience.”—Library Journal (starred review) “I am a huge fan of Alison Green’s Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor.”—Robert Sutton, Stanford professor and author of The No Asshole Rule and The Asshole Survival Guide “Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way.”—Erin Lowry, author of Broke Millennial: Stop Scraping By and Get Your Financial Life Together

**How Good People Make
Tough Choices Rev Ed** -
Rushworth M. Kidder -
2009-11-24
Should you take a much-
needed vacation or save
money for the kids'
education? Protect the
endangered owl or maintain
jobs for loggers? Have a
employee or fire him on the
spot? All of us face ethical
choices. Sometimes they're
easy: One side is wrong and
the other is right. But how do
we handle the really tough
"right vs. right" dilemmas,
where each side has strong
moral arguments and we can't
do both? This book helps us
build Ethical Fitness®—a
values-based decision-making
process so definitive that it's
now a registered trade mark.
Rushworth M. Kidder, founder
of the Institute for Global
Ethics, teaches us how to
think for ourselves in order to
resolve ethical dilemmas
ranging from the intimately
personal to the broadly
philosophical. Unique in its
approach and rich with
illustrative
anecdotes—updated with
examples of real-world
conflicts from today's political
realm and from Dr. Kidder's
own observations—How Good
People Make Tough Choices is
an indispensable resource for
spotting, understanding, and
resolving our toughest
decisions.
