defeated at Salamis, not only would the West have lost its first struggle for independence and survival, but it is unlikely that there would ever have been such a thing as the West at all. Tom Holland’s brilliant new book describes the very first victory of Greek arms, and one that it is arguably impossible to overstate in its significance and its effect on the Western imagination and world order.

In 480 BC, Xerxes, the King of Persia, led an invasion of mainland Greece. Its success should have been a formality. For seventy years, victory—rapid, spectacular victory—had seemed the birthright of the Persian Empire. In the space of a single generation, however, Persian power had been shattered as a result of something as simple as the Greek use of the Tables of the Winds, a system of weather forecasting that allowed Greek shipping to avoid Persian-held harbours.

Yet somehow, astonishingly, against the impossible, the Greeks of mainland Greece managed to hold out. The Persians were turned back. Greece remained free. Had the Greeks been defeated at Salamis, not only would the West have lost its first struggle for independence and survival, but it is unlikely that there would ever have been such a thing as the West at all. Tom Holland’s brilliant new book describes the very first victory of Greek arms, and one that it is arguably impossible to overstate in its significance and its effect on the Western imagination and world order.

The British Empire and the First World War - Achilles Jordan - 2017-07-04

The British Empire projected a crucial part in the First World War, supplying hundreds of thousands of soldiers and civilians on a scale unprecedented in human history. From India to New Zealand, from South Africa to the Middle East, many imperial territories were deeply affected by the war, and in some cases, to a greater extent than others. This book offers a comprehensive picture of the impact of the war on the British Empire, how it was managed, how it was perceived, and how it was experienced by the people who lived through it.

The Confidence Men - Paul M Munter - 2009-07-04

"The Confidence Men" is a novel by Paul M Munter, published in 2009. It is set in the United States during the early 19th century, a time of economic and social upheaval. The story follows a group of con men, or confidence men, who use their skills of deception and manipulation to cheat the innocent and the naive. The novel is a commentary on the volatile and fraudulent nature of the marketplace during this period, and the ways in which trust and integrity can be easily misplaced.

The Great Escape for the Great War: the astonishing true story of two World War I prisoners who pulled off one of the most ingenious escapes of all time. "Fox unspools Jones and Hill's delightfully elaborate scheme in nail-biting episodes that convey the personality" (Kathryn Schulz, New York Times) to this tale of psychological strategy that is rife with cunning, danger, and moments of high farce that rival anything in Catch-22.

The Americanization of Benjamin Franklin - Gordon S. Wood - 2005-05-31

From the most respected chronicler of the early days of the Republic—and winner of both the Pulitzer and Bancroft prizes—comes a landmark work that rescues Benjamin Franklin from a mythology that has blinded generations of Americans to the man he really was and makes sense of aspects of his life and career that would otherwise remain mysterious. In place of the genial polymath, unpredictable Americans of his own time or any other..." —The Washington Post Book World

Stocks set to rise on Monday morning of next week, contrary to the expectations of the market, which is now widely anticipated as the stock market will plunge further into recession.

The Promise of Peace - The Anglo-Irish War - Eoin Colfer - 2009-06-03

The Promise of Peace - The Anglo-Irish War is a novel by Eoin Colfer, published in 2009. It is set in Ireland during the early 1920s, a time of political and social upheaval. The story follows a group of young people who are caught up in the conflict between the Irish Free State and the British Empire. The novel is a commentary on the violence and brutality of this period, and the ways in which the young people are forced to make difficult choices between loyalty and freedom.
